-  Final Grade [This is where I enter your final. Students need not do anything here.]

---

## May 24 - May 30

### Week 18 - *Facultatif* [optional] Le passé composé vs. l'imparfait

---

**This optional material will be covered in French 2.** But often it's helpful to have an idea of the two past tenses and when to use them before our book presents this idea. To avoid confusion, I've saved it for after the final exam.

**You're certainly not obligated** to venture here, but if you're curious and would like a refresher (if you've studied this concept before) or want a head start on your next course, *allez-y!*

 L'imparfait et le passé composé (Optional Book)

**Keep practicing after the course is finished!**
