

Pituitary Gland	thyroid stimulating hormone (TSH)
	adrenocorticotrophic hormone (ACTH)
	growth hormone (GH)
	melanocyte stimulating hormone (MSH)
	follicle stimulating hormone (FSH)
	luteinizing hormone (LH)
	prolactin (PRL)
	oxytocin (OT)
	antidiuretic hormone (ADH)
Pineal Body	melatonin
Thyroid Gland	thyroxin (T4)
	calcitonin
Parathyroid Gland	parathormone (PTH)
Thymus Gland	thymosin
Adrenal Gland	adrenalin (epinephrine)
	glucocorticoid (cortisol)
	aldosterone
Pancreas	insulin
	glucagon
Kidneys	renin
Small Intestine	cholecystokinin, gastrin,
	enterogastrone, secretin
Gonads	androgen (testosterone)
	estrogen & progesterone
